

**RESSLIT<sup>®</sup>**

**LOOK20**  
**BOOK20**

**Result**® Clothing was founded to provide the decoration, promotions and uniform industry with good quality outdoor apparel from stock. **Result**® is proud of its heritage and understanding of the garment decoration industry, with each of its styles critically designed to accommodate the need for easy decoration access and tested with both the wearer and decorator in mind. Stocks are held in the UK ready for immediate despatch using a superior logistics network to all major European distributors.

In 1994, based his previous 20 year reputation & experience in garment manufacturing, MD David Sanders-Smith led a small supporting team to design, produce, stock & distribute 10 styles from his archive of bespoke patterns and in 1995, **Result**® Clothing Limited commenced trading with 3 distributors. Today the same team are senior decision makers running their own departments within a company now treble the size to control and support **Result**® which has expanded its' range to over 7000 SKU across 4 brands and 350 unique products.

Family-owned **Result**®'s reputation for producing high quality, high value product within the industry is well regarded and our experience has grown alongside our expertise. When developing new styles the use of performance fabrics is always key and decoration access of great importance. Our personable customer service, electronic ordering, massive stock capability, superior logistics network and future trend predictions are renown. Our marketing and product information is well catalogued and recognised as the industry standard, continually attracting and informing a loyal and ever growing customer base of garment decorators, uniform suppliers and trade outlets.

**Result**® boasts a comprehensive stock selection of dynamic outerwear and, delivering outstanding value for money, it remains the garment decorator's brand of choice. In support of its worldwide distributor network, the **core** V A L U E® collection supplies low cost, neutral branded, promotional wear, it was adopted as "Everyone's favourite budget friendly range". **Result**® continues to expand this uncomplicated collection, offering genuine value for money in durable styles and a varied colour palette.

Keep one step ahead with **Result**® - the pioneers of performance outer & active wear in the Decoration Industry and the No 1 choice for premium outdoor clothing that has genuine industry heritage as the most trusted brand in Europe.

### Result®

Environmental considerations are an integral part of our business practice

As a world brand, we have always taken the burden of waste seriously. The polyester filling in our padded jackets has always been spun from recycled plastic and we have always used recycled labelling, trims and materials wherever possible.

In various styles, we use renewable plant based materials such as environmentally friendly DuPont™ Sorona® filling or Repreve® fillings made from recycled plastic bottles. We incorporate TOPGREEN® recycled polyester fabrics across various of our softshell range, using this as a key directive for all new softshell styles going forward.

We insist and encourage all supply partners to pursue correct environmental practices, especially the recycling of waste materials and the re-circulation of waste heat generated during dyeing.

To minimise flexible packaging litter on the environment, we use recycled board in our cartons, recycled wooden pallets for shipping and wrap our pallets in BioZ oxo-biodegradable plastic: an opaque wrap whose treatment triggers degradation after 6 to 12 months and breaks down fully, reverting to just carbon and oxygen. No trace is left to pollute the environment; it does not form micro-beads and can be collected and/or recycled with other plastics without causing any contamination.

Result® printer-specific vests and SPIRO printer-specific shirts are packed in bulk to reduce packaging and we pack others individually using bags made from recycled plastic with the bagging of all production going forward converted to opaque compostable/biodegradable bags ensuring Result® bags keep our garments pristine on their journey to customers but leave no environmental trace.

As an importer/exporter, we support a levy into the Packaging Waste Directive in order that the plastic and cardboard we place on the market in the UK and EU can be reused.

We are delighted to continue incorporating innovative, clean, product into our garments and packaging and look forward to expanding this further.

OEKO-TEX®  
CONFIDENCE IN TEXTILES  
STANDARD 100

Oeko-Tex certified fabrics are completely free from harmful chemicals and safe for human use. To attain Oeko-Tex standard 100 certification, the fabric has been tested and certified to be free from harmful levels of more than 100 substance known to be harmful to human health.

This products' filling has met the polyester recycling standards set by the Global Recycled Standard (GRS). The GRS is intended to meet the needs of companies looking to verify the recycled content of their products (both finished and intermediate) and to verify responsible social, environmental and chemical practices in their production. The objectives of the GRS are to define requirements to ensure accurate content claims and good working conditions, and that harmful environmental and chemical impacts are minimised.
